## R. K. Verma

B.Tech. (IIT-Madras, 1994)  
Managing Director & CEO  
Head Academics & Senior Faculty (Physics)

Mr. Ram Kishan Verma is one of those entrepreneurs who have come into limelight from obscurity purely on the basis of strong vision and concrete determination. Mr. Verma was born, brought up and educated in the rural area of Kota, Rajasthan. He maintained excellent academic record throughout his schooling and also graduated meritoriously as a B.Tech., Electrical & Electronics Engineering from IIT-Madras in 1994.

Upon completion of B.Tech., he joined BHEL as a Trainee Engineer but shortly moved to become a Physics faculty at a reputed coaching institute in Kota, Rajasthan when this city was emerging as a coaching destination for aspirants of IIT-JEE. The inherent ability, sincerity and hard work earned a quick popularity to Mr. Verma among large number of students.

His prevailing dream of giving 'Educational Excellence' to students, aspiring success in IIT-JEE, through an educational system driven with core values and ethics ultimately resulted in the foundation of 'Resonance' on 11th April 2001 at Kota, Rajasthan.

The in-depth understanding of 'what' and 'how' to teach students for gaining success in competitive examinations along with strongly following the core values of system is not only the principle approach of Mr. R.K. Verma but also the major driving force behind all endeavors of Resonance.

# FOUNDER'S MESSAGE

My Dear Students,

Welcome to Resonance. Education is a social process. Education is growth. Education is, not a preparation for life; education is life itself. Swami Vivekananda (1863-1902), a great thinker and reformer of our country, embraced education, which for him signified 'man- making', as the very mission of his life. To quote him: 'Education is not the amount of information that is put into your brain and runs riot there undigested, all your life.' Education for him means that process by which character is formed, strength of mind is increased, and intellect is sharpened, as a result of which one can stand on one's own feet.

Over the past 14 years (2001-2015), Resonance has served its students with its core values as guiding principles. Our core values have been the key to our success and are the basis for everything we do. These values foster an environment that keeps our performance focused on the students. Serving our students is our solitary priority.

Change is inevitable, growth is intentional. Resonance has spread its wings across the country through its 'own' Study/Information Centres Network to reach every aspiring student who wants to be successful in various competitive examinations. The last year has seen a lot of changes in the pattern of entrance examination ,these changes will further enhance the level of competitiveness for admissions in elite Engineering and Medical institutions in the country. We have already taken up this challenge and have adopted these changes faster than anybody else.

The difference between a successful person and others is not a lack of strength, not a lack of knowledge, but rather a lack of will, guidance and mentoring. At Resonance, we are focused on your success. Though change and uncertainty may be ever present, Resonance remains firmly committed to helping students by providing academic services to enable them to meet their career goals and objectives.

We have many trustworthy and supportive students & parents in all parts of the country and wish to express our appreciation for their continued support and endorsement of our academic services. In the last 14 years, we have achieved unprecedented success. I must appreciate, congratulate and thank all our students & their parents for their belief & patronage to Resonance.

I look forward to serve your highest order of scholastic expectations at Resonance.

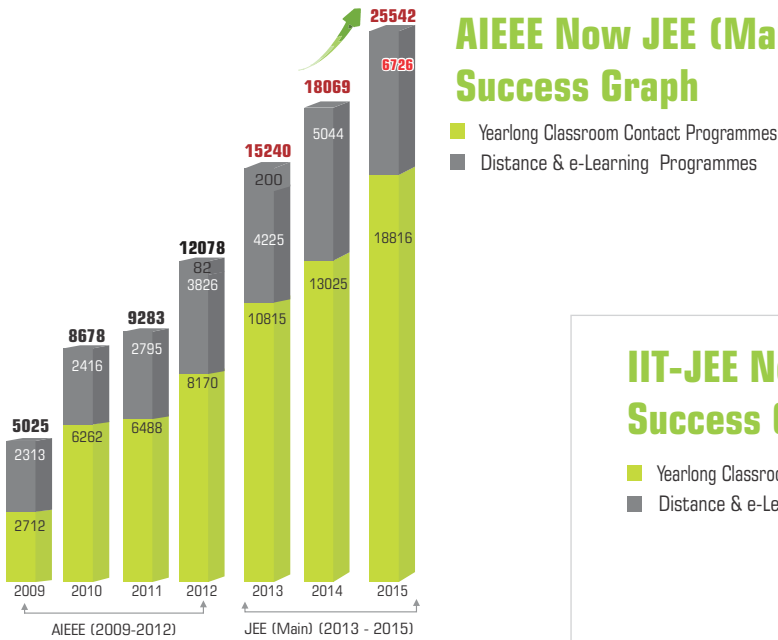

Best Wishes,

R.K. Verma  
Managing Director & CEO
